8CH PMR446 / 69CH LPD433

52 PRIVATE LPD/PMR CHANNELS

38 CTCSS TONES

VIBRATION ALERT

**RP-600
UHF FM LPD/PMR DUAL BAND
PROGRAMMABLE VOICE PAGER**

Compact size light weight UHF FM voice pager, with advanced hardware and software design. Designed for tour operators and for guided tours. Also suitable for use in conferences and meetings and as a voice pager for safety, restaurants, hotels, resorts, hospitals, offices, stores, warehouses, etc. Wearable with its convenient necklace or belt clip. Voice messages may be heard from the supplied earset or from built-in speaker. Pager is fully programmable by the operator (frequency channel, CTCSS tone, voice only, voice + vibration alert, vibration alert only, etc.). User has no access to the programming menu and only the ON/OFF key and the volume controls are usable, this is specially done to prevent tourists from accidentally changing the programmed features. Backlighted LCD display shows all functions during the programming process and only the volume and battery levels during the normal use. Pager works on total 129 UHF FM channels: 69 LPD channels (LPD 430 MHz band), 8 PMR channels (PMR 446 MHz band) and 52 private LPD/PMR channels. 38 CTCSS tones, busy icon and battery level indicator. Complete with necklace, belt clip, earset, 2 x AA high capacity Ni-MH batteries and 230VAC charger.
